Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account (plus your maximum overdraft line of credit). If you tell us within 2 business days after you learn of the loss or theft of your card, code, or PIN, you can lose no more than \$50 if someone used your card, code or PIN without your permission.

- Also, if your statement shows transfers that you did not make, including those made by card, code, PIN or other means, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time. If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time periods.
- **Additional Limits on Liability for Visa Check Card Transactions.** Unless you have been grossly negligent or have engaged in

fraud, you will not be liable for any unauthorized transactions using your lost or stolen Visa Check Card. This additional limit on liability does not apply to ATM transactions outside of the U.S., to ATM transactions not sent over Visa or Plus networks, or to transactions using your Personal Identification Number which are not processed by Visa. Visa is a registered trademark of Visa International Service Association. If you have been grossly negligent or have engaged in fraud, these additional limits on liability for Visa Check Card transactions do not apply, and your liability for the unauthorized use of your Visa Check Card is addressed above.
